Ages 7 and under With children having no shortage of spending options it is essential to train them in how to handle money before they succumb to spending beyond their means and falling into debt. Proverbs 22:6 instructs that a child should be trained "in the way he should go, and when he is old he will not turn from it." By the time children leave university many will have accumulated debt which may not be repaid until they are in their 40s. The next verse in Proverbs (22:7) tells us that the borrower is slave to the lender. Teaching your children about how to handle money is a number one priority. Make sure your children don't get into the debt-trap. Teach your children what the Bible says about money Give, Save, Spend is a Bible-based study-story that introduces children to what the Bible has to say about how we handle our money. There are over 2,300 verses in the Bible about money while 15 per cent of Jesus' recorded words are about money and possessions. For use in the home, Children's Church and Christian Schools Give, Save, Spend teaches God's way of handling money. Discover these truths as Alfie, Amy, Jack and Lebo try to save enough money to buy a puppy. As they find out how to earn, save, give and spend money they also learn some important things about God. The book includes illustrations, simple Bible stories, hands-on-activities and a prayer record. It can be used on its own or together with the Teacher's Guide. Your Money Counts is an interdenominational and international ministry that trains people to apply biblical financial principles to their lives. Be debt free, have a

Big Mama raised Michelle and her four brothers and sisters on a salary that never reached more than \$13,000 a year. Yet at her death, Big Mama owned her own home, had paid off a car loan, and had a beautiful collection of Sunday-go-to-meeting church hats and a savings account that supplemented her Social Security check and small pension. Most important, she had taught Michelle "7 Money Mantras for a Richer Life." Those mantras serve as the inspiration for this straight-talking book of practical personal financial advice that really works. The 7 Money Mantras are: 1. If it's on your ass, it's not an asset! 2. Is this a need or is it a want? 3. Sweat the small stuff. 4. Cash is better than credit. 5. Keep it simple. 6. Priorities lead to prosperity. 7. Enough is enough. Michelle Singletary is a syndicated columnist for "The Washington Post whose popular personal finance column appears in more than 120 newspapers. She's also a mother of three children who understands what it's like to live on a budget. In a plainspoken, sassy, no-nonsense voice, Michelle provides answers to the financial issues that confront almost every household: how to teach children the value of money; how to address money issues in a relationship or marriage; household saving tips; getting the best loans; and much more. "This book is about saving enough money to have choices," she writes. "It's about feeling free to be cheap if you can't afford to buy a ton of gifts at Christmas. It's about eliminating wasteful spend-ing so you can begin to save and invest. It's full of uncommon commonsense lessonsand guidance on the way people should use their money." With humor and down-home financial wisdom, Michelle Singletary offers practical and realistic advice that will help you live well with the money you have. Michelle Singletary on . . . Leasing a Car "You, too, can drive a car you can't afford and then have to give it back. It's crazy." Gift Giving "Generosity isn't about how much you spend. It's about how much thought you put into the gift." Penny Pinching "I once bought a stick-shift car because it was \$1,000 cheaper than the automatic in the same model. There was just one little problem. I couldn't drive a stick-shift. But at least I saved \$1,000!" In Love Your Life, Not Theirs, Rachel Cruze shines a spotlight on the most damaging money habit we have: comparing ourselves to others. Then she unpacks seven essential money habits for living the life we really want--a life in line with our values, where we can afford the things we want to buy without being buried under debt, stress, and

worry. The Joneses are broke. Life looks good, but hidden beneath that glossy exterior are credit card bills, student loans, car payments, and an out-of-control mortgage. Their money situation is a mess, and they're trying to live a life they simply can't afford. So why exactly do we try so hard to keep up with the Joneses? Are we really living the lives we want, or are we chasing someone else's dream, just trying to keep up appearances on social media, at church, and in our community? Why are we letting other people set the pace for our own family's finances? In *Love Your Life, Not Theirs*, Rachel shows you how to buy and do the things that are important to you--the right way. That starts by choosing to quit the comparisons, reframing the way you think about money, and developing new habits like avoiding debt, living on a plan, watching your spending, saving for the future, having healthy conversations about money, and giving. These habits work, and Rachel is living proof. Now, she wants to empower you to live the life you've always dreamed of without creating the debt, stress, and worry that are all too often part of the deal. Social media isn't real life, and trying to keep up with the Joneses will never get you anywhere. It's time to live--and love--your life, not theirs. "I've never read a book about money that takes this approach--and that's a good thing! Comparison has a way of weaving itself throughout all aspects of our lives, including our money. In *Love Your Life, Not Theirs*, Rachel Cruze outlines the seven money habits that really matter--and they have nothing to do with keeping up with the Joneses!" Candace Cameron-Bure Actress, author, and co-host of *The View* "*Love Your Life, Not Theirs* is full of the kind of practical, straightforward advice we've come to expect from Rachel Cruze. She offers guidance on paying down debt, smart saving, and the right way to talk to your spouse about money. These indispensable tips can help with day-to-day spending decisions and put you on a path to establishing healthy financial habits." Susan Spencer Editor-in-Chief for *Woman's Day* "Cruze's self-deprecating and honest voice is a great resource for anyone wanting to take charge of their money. With humor and approachability, she helps her readers set themselves up for success and happiness, no matter what current financial state they may be in." Kimberly Williams-Paisley *New York Times* best-selling author of *Where the Light Gets In* "In today's world of social media, the temptation to play the comparison game is stronger than ever. *Love Your Life, Not Theirs* is the perfect reminder that, when it comes to money, comparison is a game you can't win. I grew up hearing that money is the source of all evil and I thought that money had a way of making people to become evil; now I know it isn't true. The problem isn't with money but with people! But what happens when the money is in the hands of a people? They decide what they use the money for. Money isn't evil; it is the attitude of people that shows when they have money. In this book, you'll learn the right attitude towards money and the 7 secrets to set your mind to achieve more money and success. In this book you will find: Money and your attitude towards it Assets and liabilities Get a central perspective Seek alternative education Respect your time Let go of the smartphone Seek the right role models Enjoy your new Mindset! Sell your book the easy way --- sell a proposal You can get paid to write a book. It's easily possible to make a fast \$10,000, or even a six figure amount. You could even make seven figures --- over a million dollars for twenty pages of text. It sounds incredible, but a fast seven figures is certainly possible if you have a HOT, hot idea or have had an experience that hundreds of thousands of people want to read about. In his 2001 book about writing non-fiction, *Damn! Why Didn't I Write That?*, author Marc McCutcheon says that it's not hard to make a good income: 'you can learn the trade and begin making a respectable income much faster than most people think possible'. The good part is that you don't need to write your book before you get some money. You write a proposal, and a publisher will give you an advance, which you can live on while you write the book. Writing a proposal is the smart way to write a book. It's the way professional writers sell non-fiction. Selling a book on a proposal is much easier than selling a book that you've already written. A book proposal is a complete description of your book. It contains the title, an explanation of what the book's about, an outline of chapters, a market and competition survey, and a sample chapter. A book proposal functions in the same way as any business proposal does: you're making an offer to someone you hope to do business with. It will be treated by publishers in the same way that any business treats a proposal. A publisher will read your proposal, assess its feasibility, cost it, and if it looks as if the publisher will make money, the publisher will pay you to write the book. When you've sold your proposed book to a publisher, your role doesn't end with writing your book. You're in partnership with your publisher to ensure the book's success. If you do your part, both you and your publisher will make money. Are you frustrated in your efforts to succeed and create abundance in your life? Are you exasperated even though you may have set goals for yourself, gained knowledge, and worked hard? Are your financial dreams just not working out the way you'd like them to, or as fast as you'd like them to? Are you wondering what is standing in your way, preventing you from accessing the life of freedom you've been dreaming about? Well, *The Abundance Code* is here to provide the answer you've been searching for... There is a hidden yet crucial element to success and abundance that most people are unaware

of—because that essential element is buried in their unconscious minds. *The Abundance Code* is about how you can (and must!) rewrite your subconscious programming so that you can effortlessly achieve the rich life of abundance you deserve. Julie Ann Cairns takes you through the "7 Money Myths"—an extremely common set of subconscious barriers put up between you and your attainment of abundant wealth and freedom—and helps you banish them, so that your subconscious "code" can come into alignment with your conscious goals for financial freedom. If your underlying programming does not support your goals—and it probably doesn't—then Julie will show you how to get out of your own way and finally access the life you have always wanted. You can be successful, you can be wealthy, and you can make money without expending physical effort or sacrificing too much of your precious time. You can become financially free with the luxury of choice. It's all possible for you, but conscious goals and knowledge are not enough to make this happen—you also need a set of supporting subconscious beliefs in order to ultimately prosper. If you have tried and tried to attain financial freedom but are still struggling, then this book will provide the breakthrough you've been waiting for.
