The Voices of Carlo Levi- Le Voci Di Carlo Levi Dec 29 2020 As a writer, Carlo Levi has had the misfortune to be known as the author of one book, *Christ Stopped at Eboli*, the account of his years of internal banishment by the Fascist authorities to a remote village in the south of Italy. That book was recognised as a masterpiece of anti-Fascist literature and as a sensitive investigation of the way of life of a people at the margins of European civilisation. It enjoyed enormous success in the post-war period not only in Italy but also in Britain and the USA, and has been continuously in print since its first publication. However, Levi was also a painter of some repute, a novelist, a journalist, a critic of art and society, a political commentator, and above all, a wholly idiosyncratic travel writer whose reports on the countries and regions he visited, including Sicily, Sardinia, Germany, the USSR and India, were also reflections on Italy. This book attempts to assess the totality of Levi's achievement. Come scrittore, Carlo Levi ha avuto la sfortuna di essere celebrato come autore di un libro solo, *Cristo si è fermato ad Eboli*, la narrativa dei suoi anni di confino nel Mezzogiorno sotto il regime fascista. Sin dal momento della sua pubblicazione nel primo dopoguerra, questo libro è stato riconosciuto come capolavoro della letteratura anti-fascista e come indagine penetrante della cultura di un popolo ai margini della civiltà

europea. Comunque, Levi fu anche pittore di grande talento, romanziere, critico d'arte, critico della società, commentatore politico e viaggiatore-scrittore di libri di viaggi sui generis. I suoi articoli, che poi divennero libri, sui paesi e sulle regioni che visitò - la Sicilia, la Sardegna, la Germania e l'India - si rivelarono anche riflessioni sulla condizione dell'Italia. Questa raccolta di saggi è una rivalutazione della totalità delle opere di Carlo Levi.

Creative Interventions Feb 17 2020 Who are "intellectuals"? What do they think their role and function in contemporary society is? Are they on the endangered-species list? Is equating conservatism with conservation becoming their dominant survival strategy? This book is a collection of essays that examines some of the changes in the activities, role, function and self-perception of Italian intellectuals since World War II (two major divides are considered to be the crisis of 1956-7 and the fall of the Berlin Wall). The first section examines some of the most influential figures in the early decades, the second the activities of contemporary intellectuals, a third gives voice to some contemporary writers, a fourth contains some comparative essays about the role of intellectuals in influential contemporary Western cultures and a final section is devoted to some cross-disciplinary forays and reflections on the relevance and possible future directions of these inquiries.

Basilicata and Southern Italy Between Film and Ecology Sep 25 2020 This volume offers an open, transdisciplinary living space (also green) through which to explore the different connections between Basilicata and Southern Italy, cinema, and ecology, and thus to reflect on the different forms through which the historical, cultural, and social contexts of Southern Italian regions have been variously identified and represented. In order to explore these connections, the volume embraces a wide range of perspectives that may all be grouped under the key term film ecocriticism, offering the reader a thorough analysis not only of the different ways of representing reality but also of the processes of signification through which reality itself can be understood, rethought, and transformed. This is the general framework within which the authors consider film as a proper, effective medium for ecocritical and ecophilosophical reflections concerning not only Basilicata (to which the greater part of the volume is dedicated) but also Southern Italy and, therefore, its history and its territories, communities, and identities. Furthermore, in an even more general sense, Basilicata and Southern Italy reconnects with the very idea of the South, and of all Souths, to which this volume is dedicated.

Iustitia. Cronaca di una morte annunciata May 02 2021 Il mondo della contemporaneità si trova davanti a una sfida epocale. La scelta è quella se respingere le tentazioni offerte dalla tecnologia e dalle diverse forme di intelligenza artificiale o aprirsi al nuovo patto con la modernità. Le scienze cognitive sembrano suggerire che il cervello umano è una macchina che difficilmente può dirsi libera. L'intelligenza artificiale può risultare l'alleato vincente per assicurare le decisioni migliori? Altri settori decisivi della cognizione umana, come la medicina, paiono più pronti ad allearsi con le nuove istanze tecniche, rispetto al campo della giustizia. In questo saggio, l'autore, avvocato penalista, tratta il rapporto tra diritto, giustizia, neuroscienze e intelligenza artificiale.

Le sinergie di Marzio - La cronaca di una morte annunciata - La sesta storia della saga Dec 09 2021 Usando grandi dosi di umorismo, tenerezza e realismo, con "Le sinergie di Marzio", l'autore riesce a creare un ritratto demistificante e allo stesso tempo devastante della vita degli ingegneri informatici in Spagna. Prendendo come protagonista un professionista di nome Marzio (che è un nome raro e, quindi, qualsiasi somiglianza con la realtà sarà una coincidenza), l'autore ci svela un mondo nascosto e chiuso che tutti pensavamo fosse molto diverso: la gestione dei progetti, i rapporti con i subordinati, la ricompensa degli sforzi, il rapporto tra ingegneri, la convivenza in ufficio, i viaggi di lavoro, l'infinita disponibilità... Tutti gli aspetti di questo tipo di occupazione saranno sgranati, senza dimenticare la sorprendente vita personale del protagonista. Immergiti nei sette racconti di Marzio, scopri questo personaggio accattivante e vicino e vivi le sue avventure narrate con lo stile, l'ironia e la crudeltà delle favole.

Cronaca di una morte annunciata Feb 23 2023 Basato su un fatto reale, Cronaca di una morte annunciata è un romanzo magistrale che sa fondere i toni della tragedia antica con il ritmo di una detective story in una grandiosa allegoria dell'assurdità della vita, l'apoteosi della fatalità.

Echoing Voices in Italian Literature Mar 20 2020 This collection of essays explores the reception of classics and translation from modern languages as two different, yet synergic, ways of engaging with literary canons and established traditions in 20th-century Italy. These two areas complement each other and equally contribute to shape several kinds of identities: authorial, literary, national and cultural. Foregrounding the transnational aspects of key concepts such as poetics, literary voice, canon and tradition, the book is intended for scholars and students of Italian literature and culture, classical reception and translation studies. With its two shifting focuses, on forms of classical tradition and forms of literary translation, the volume brings to the fore new configurations of 20th-century literature, culture and thought.

General Principles of EU Law and the Protection of Fundamental Rights Oct 15 2019 This insightful book analyses the role that EU general principles have taken in the protection of fundamental rights within the EU since the Lisbon Treaty. In particular, the author focuses on the relationship between written law (the Charter of Fundamental Rights) and unwritten law (the general principles) within the institutional framework of the EU. The book demonstrates that due to their complementary and autonomous function toward the protection of fundamental rights, the general principles still play a key role within the Union despite the binding force of the Charter.

Encyclopedia of French Film Directors Dec 17 2019 Cinema has been long associated with France, dating back to 1895, when Louis and Auguste Lumi_re screened their works, the first public viewing of films anywhere. Early silent pioneers Georges MZli_s, Alice Guy BlachZ and others followed in the footsteps of the Lumi_re brothers and the tradition of important filmmaking continued throughout the 20th century and beyond. In **Encyclopedia of French Film Directors**, Philippe Rège identifies every French director who has made at least one feature film since 1895. From undisputed masters to obscure one-timers, nearly 3,000 directors are cited here, including at least 200 filmmakers not mentioned in similar books published in France. Each director's entry contains a brief biographical summary, including dates and places of birth and death; information on the individual's education and professional training; and other pertinent details, such as real names (when the filmmaker uses a pseudonym). The entries also provide complete filmographies, including credits for feature films, shorts, documentaries, and television work. Some of the most important names in the history of film can be found in this encyclopedia, from masters of the Golden Age_Jean Renoir and RenZ Clair_to French New Wave artists such as Fran_ois Truffaut and Jean-Luc Godard.

***The Cinema of Francesco Rosi* Nov 27 2020** "Francesco Rosi (1922-2015) occupies a unique place in postwar Italian, indeed postwar world cinema. His films show a consistent formal balance while representing historical events as social emblems that examine, shape, and reflect the national identity. This important body of work, which has made a vital mark on the works of directors like Martin Scorsese remains to be examined for the English-speaking audience. This study addresses Rosi's films as mosaics fashioned out of "clips" collected from the various stages of production, most specifically from the director's own archival materials. My approach situates each film in its artistic and cultural context, but also attends to the specific forms and ethical commitment that characterize each film"--

Συναγωνίζεσθαι: Studies in Honour of Guido Avezù. Vol. 1.2 Jul 24 2020

Συναγωνίζεσθαι, the ancient Greek verb chosen as the title of this volume, belongs to the jargon of dramaturgy as employed by Aristotle in *Poetics*, where he emphasizes the function of the Chorus as an active co-protagonist in the dynamics of drama. Here it suggests the collaborative nature of this *Festschrift* offered to Guido Avezù in the year of his retirement by friends and colleagues. The volume collects a wide selection of contributions by international scholars, grouped into four sections: Greek Tragedy (Part 1), Greek Comedy (Part 2), Reception (Part 3), and Theatre and Beyond (Part 4).
