Packed with sources and graphics to bring maths into the real world, this book contains comprehensive coverage of the current specification with a real focus on both process skills and practice. Help your students become 21st century thinkers! Developed for grades 3-5, this resource provides teachers with strategies to build every student's mastery of high-level thinking skills, promote active learning, and encourage students to analyze, evaluate, and create. Model lessons are provided as they integrate strategy methods including questioning, decision-making, creative thinking, problem solving, and idea generating. This professional strategies notebook includes a Teacher Resource CD. This resource is correlated to the Common Core State Standards and is aligned to the interdisciplinary themes from the Partnership for 21st Century Skills. 272 pages A progressive series of motivating technical volumes for students who may not always desire technical work. Useful for the transfer student as well as for students working in progressive order. Designed to develop finger fluency and skill in playing chords. May be used with Masterwork Classics or separately. The paradigm shift in the field of education focuses on the development of life skills, attitudes and values. This was the prime focus which made us divide this series into two themes: LIFE SKILLS and ATTITUDES & VALUES. Each theme strongly voices out in three levels - beginners, the avid readers and the experts making it a six book series. The book "Breathing in Bodhi - the General Awareness/ Comprehension book - Life Skills/ Level 3 for the experts" is the third of the three books based on the Life Skills theme. • The book contains 30 fascinating stories about People, Places, Events, Ideas and Issues. The stories are further based on Life Skills - 10 each on Thinking, Social and Emotional Skills. • The book aims at enhancing the comprehension skills along with augmenting the general awareness of children leading to the development of the precious Life Skills. • The book is an honest attempt to trigger the young minds to think, explore and relate to the world around them. It makes them THINK, COMPREHEND AND ANALYZE. The articles given for the comprehension purpose are actually in sync to the real world. • Each story has been elaborately discussed and is analysed by the following tools: • Wordsmith - aims at developing the vocabulary and contextual usage of words. • Finding the Fact - aims at developing the comprehension skills • Extra Inning - gives an opportunity to the reader to explore the extra information related to the story. • Reality Check - a platform to create opinions about the various issues related to the story. • Only when the reader is in a position to generate thoughts/ opinions about a given situation/ issue then only he is in a position to provide a real solution model. • This series is a must have for people who not only want to build in their reading habit and develop their vocabulary but also want to enroot an eye for comprehending, analyzing and transforming their approach from problem finders towards becoming PROBLEM SOLVERS by reinforcing the power of Life Skills. The paradigm shift in the field of education focuses on the development of life skills, attitudes and values. This series, The Poet and the Professor: Poems for Building Reading Skills, brings poetry into a whole new light for students in grades 1-8. Each book includes playful, original content that will engage both reluctant and skilled readers. The easy-to-use, standards-based lessons and

purposeful activity pages address key literacy skills. Each book includes an Audio CD of the poems that can be used to support fluency and comprehension. Also included is an interactive whiteboard-compatible Resource CD that can be used to further support literacy skills. Provides exercises and instruction for writings skills, including capitalization, formatting paragraphs, and complex sentences. A progressive series of motivating technical volumes for students who may not always desire technical work. Useful for the transfer student as well as for students working in progressive order. Designed to develop finger fluency and skill in playing chords. May be used with Masterwork Classics or separately. Unlock is a four-level academic skills course that combines thought-provoking video from Discovery Education(TM) with carefully scaffolded exercises and a fresh approach to critical thinking skills. Unlock Listening and Speaking Skills Level 1 provides 60-90 hours of classroom material. Access to the Online Workbook is provided via a code packaged with the Student's Book. Critical Thinking sections give students frameworks to formulate their own opinions and express themselves effectively in the end-of-unit academic tasks. Unique research into common learner errors (using the Cambridge English Corpus) focuses the language used in Unlock on those areas learners find most challenging. Videos from Discovery Education(TM) (accessible via the Cambridge Learning Management System and supplied on the Teacher's Book DVD) provide new angles on a range of academic subjects. Written to match the revised key skills specifications, each resource file in the series includes tried-and-tested materials which have been completely updated. Each resource file provides complete coverage of all the skills required, with extra practice in known areas of difficulty. Students are encouraged to build and consolidate their skills independently through self-tests and planning and practice sheets. The information in each file is photocopiable, so that students can use the sheets in workshops, as a group, or for individual study at home. e-Equals is a range of new qualifications to be offered by City & Guilds from September 2002. It has been developed for anyone who wants to improve their IT skills. There are a range of levels both for the user and for the practitioner. Perfect for parents!
