**Gabriel Faure** Oct 16 2019 The career of Gabriel Fauré as a composer of songs for voice and piano traverses six decades (1862-1921); almost the whole history of French mélodie is contained within these parameters. In this book, the distinguished accompanist and song scholar Graham Johnson places the vocal music within twin contexts: Fauré's own life story, and the parallel lives of his many poets. Each of

Fauré's 109 songs receives a separate commentary. Additional chapters for the student singer and serious music-lover discuss interpretation and performance in both aesthetical and practical terms and Richard Stokes provides parallel English translations of the original French texts.

The Book of Songs Oct 20 2022 First published in 1937. The Book of Songs is a collection of ancient Chinese songs, dating from 800 to 600 B.C. Until this was published in 1937 it had not been translated into English since the middle of nineteenth century, when sinology was still in its infancy. For the first time the original meaning of 290 out of the 305 songs is given, use being made of the advances in the study of old Chinese. The result is not merely a clear picture of early Chinese life, but also the restoration to its proper place in world literature of one of the finest collection of traditional songs.

*The Sunny Side* Jan 11 2022 Excerpt from The Sunny Side: A Book of Religious Songs for the Sunday School and the Home The feature of the book to which we desire to call especial attention, is a collection of nearly two-score German Child and Folk Songs which it contains, and which have been selected with great care from the rich mine of German song. Many of the accompany ing poems have been happily translated for us by Rev. Charles T. Brooks,

who has kindly given his valuable services to our cause. We trust the sweet ness and sterling quality of these melodies will make them favorites in the Sunday-school. For the rest, we have tried to keep the tunes within the range of the children's voices, have printed the words under the music wherever possible, observed a natural order in the succession of the hymns, added two indexes for convenient reference, and thus aimed at producing a practical, helpful book in the religious nurture of the young. And so may this little work, the fruit of many hours of pleasant labor, go into many a Sunday-school and home, to inculcate a. Natural, joyous piety, and bring the cheer and blessing of song into the hearts of. Young and old. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Poems and Songs for the Open Air Apr 14 2022

This remarkable anthology is meant, in the words of its editor, for all those 'who like a book that can always lighten some of their burdens or give wings to their delight, whether in the open air by day, or under the roof at evening; for I have gathered into it much of the finest English poetry'. Already established as the leading young critic of contemporary verse, Edward Thomas used this volume to further a longstanding aim - to present English literature to a new audience. First published in 1907, the collection draws among others on Thomas's contemporaries Yeats, de la Mare, T. Sturge Moore, Masfield, Noyes, Davies and Housman. The volume remained in print until 1950 in Jonathan Cape's Travellers' Library series, and, in the words of his biographer R. George Thomas, 'remains an expression of one side of Thomas - boon companion and ready singer of songs among friends - that has often been overlooked'.

**Select Songs for the Singing Service in the Prayer Meeting and Sunday School (Classic Reprint)** Nov 28 2020 Excerpt from Select Songs for the Singing Service in the Prayer Meeting and Sunday School Its Origin is in the experience of the needs of the Sunday School in its relation to the church. Very frequently the three departments, the Church, the Prayer Meeting and the Sunday School have each its own separate hymns and tunes; and it has been very difficult to find a remedy. Each of these departments must have some music especially! Belonging to itself and not adapted to the others, so that each needs a separate book and yet a large proportion of the hymns and tunes should be the same in all; so that each department may be an aid to the others, and all the practice in singing in one shall make better singing in them all. For a long time our ideal of a Sunday School singing book has been one that. Should embody: I. The choicest and most familiar church hymns and tunes. Such hymns, in the words of another as are never forgotten. They cling to us through our whole life. Children catch them, and singing only for the joy it gives them now, are yet laying up for all their life food of the sweetest joy.
