At the mercy of a treacherous sea... Anne Rice is dead, and her best friend, Sharon McKay, stands accused even though no body has been found. Nevertheless, the prosecution is almost certain of victory, and Sharon must prove that her friend committed suicide--and unravel the vengeful scheme of an obsessed teenager. The plans are laid and the players are determined...but nothing can prepare these unlikely warriors for what the elemental gods of Mytica have in store. CLEO: Reeling after a shocking realization about Magnus, Princess Cleo must cast aside her feelings and look toward her kingdom with the eyes of a queen. MAGNUS: The steely prince of Limeros is once again torn between love and duty, leaving him wondering whether he's strong enough to rule his people. LUCIA: Heartbroken and blind with fury, the betrayed sorceress allies with the awoken Fire god, who also seeks revenge. JONAS: The defeated rebel leader reunites with Princess Cleo, only to become a pawn in the dangerous hunt for the elusive Kindred. KING GAIUS: A desperate King of Blood flees Mytica and sails to Kraeshia, where he attempts to ally with the famously brutal emperor across the Silver Sea. Against the Fall of Night The Roman Empire had spread order, knowledge, and civilisation throughout the ancient world. When Rome fell, the light of reason flickered out across the Empire. The Dark Ages had begun; they would last a thousand years. Could a man from the 20th century prevent the fall of Rome? When lightning struck and he was hurled backward into the sixth century, the question became anything but academic to Martin Padway, but even forearmed with a knowledge of 20th century technology and of events to come, what could one man do? But Padway must try, lest darkness fall. First published in 1941, a classic portrait of a Soviet revolutionary who is imprisoned and tortured under Stalin's rule finds him agonizingly reflecting on his ironic career under the totalitarian movement. A dramatic account of Germany's slide from parliamentary democracy to dictatorship, and the history of Weimar Berlin in the three years before the Nazi takeover. 'Gripping and all too timely' James Hawes 'A brilliant mix of detailed research and vivid storytelling' Julia Boyd 'History at its very best - and a fabulous translation, too' Graham Hurley In March 1930, after the collapse of the coalition that had ruled Germany since 1928, President Hindenburg asked Heinrich Brüning, bespectacled and scholarly leader of the Catholic Centre Party, to form a government. Some three years later, in January 1933, Hindenburg appointed as chancellor the demagogic, virulently anti-Semitic leader of the National Socialist party. Within weeks, Adolf Hitler has begun the process of dismantling the flawed democracy of the Weimar Republic and replacing it with a one-party totalitarian state. Darkness Falling depicts in compelling fashion the serial crises and mounting violence of a febrile era. Peter Walther examines the slow death of Weimar through the prism of nine colorful protagonists, including leading German politicians of right, left and center, the clairvoyant and occultist, Erik Jan Hanussen and the formidable American journalist Dorothy Thompson. He profiles these heterogeneous characters in intriguing detail, pulling together the threads of their lives to chart the demise of German parliamentary democracy and the rise of National Socialist tyranny. Along the way we gain fascinating insights into the machinations in the corridors of power to keep the 'Bohemian corporal' from the chancellorship, and the venality of the Nazi elite and its fellow travelers from the demi-monde of early 1930s Berlin. Walther evokes the louche nightlife of the German capital - 'a playground for charlatans and prophets, madmen and crooks' - memorably and atmospherically. A masterly fusion of meticulously researched historical writing and vividly propulsive storytelling, Darkness Falling is a distinctive and enthralling account of Germany's slide from democracy to dictatorship. Speaking at a time of intense war in Europe, Rudolf Steiner reveals the spiritual roots of the crises of our times and the means by which we can overcome them. Since 1879, Steiner tells us that "backward" angels, or "spirits of darkness"--who were forced out of the heavens and made their abode on Earth following their defeat in a forty-year battle with the Archangel Michael--have influenced human minds. It is now possible for human beings to awaken more consciously to the truth of these profound changes and thus inwardly counter the fallen spirits' influences. We can come to the realization that definite spiritual causes lie behind earthly events in our rapidly changing times. In these fourteen lectures, given at the end of 1917 following four years of war in Europe, Steiner speaks on the complex spiritual forces behind the World War I, humanity's attempts to build theoretically perfect social orders, and the many divisions and disruptions that would continue on Earth into our own time. Humanity in general was asleep to the fact that fallen spirits, cast from the spiritual worlds, had become intensely active on Earth. This manifested mainly in human thinking and perception of the surrounding world. However, the defeat and fall of these spirits also ensured that a science of the spirit would always be available to humanity. War brought them together. Love will tear them apart. Auranos has been conquered and the three kingdoms—Auranos, Limeros, and Paelsia—are now unwillingly united as one country called Mytica. But alluring, dangerous magic still beckons, and with it the chance to rule not just Mytica, but the world. . . . • CLEO is now a prisoner in her own palace, forced to be an ambassador for Mytica as the evil King Gaius lies to her people • MAGNUS stands to eventually inherit the new kingdom but is still obsessed with his feelings for his adopted sister, Lucia • LUCIA is haunted by the deadly outcome of her breathtaking display of magic that allowed her father to capture the kingdoms • JONAS watches at the palace gates, a troop of rebels behind him, waiting for him to

tell them how he plans to overtake King Gaius When Gaius announces that a road is to be built into the Forbidden Mountains, formally linking all of Mytica together, he sets off a chain of cataclysmic events that will forever change the face of this land. Praise for Falling Kingdoms “From an opening dripping with blood, magic, and betrayal through complex interweaving plots detailing treachery, deceit, and forbidden love, this novel . . . will immediately engage readers and keep them intrigued.”—Booklist “[It] will gut you emotionally . . . make you ache, cry, and beg for the sequel as you turn the last page. Keeps the pages turning. The final cinematic scene, of a vast landscape filled with enormous armies, nicely sets the stage for book three of this daringly unconventional series in the Tolkien mold.' - PUBLISHERS WEEKLY 'A journey unlike any other you have experienced. Part Dante's "Inferno" and part Conrad's "Heart Of Darkness", this is fantasy literature like you've never read before.' - Blogcritics A score of centuries has passed since the First Apocalypse and the thoughts of men have turned, inevitably, to more worldly concerns... A veteran sorcerer and spy seeks news of an ancient enemy. A military genius plots to conquer the known world for his Emperor but dreams of the throne for himself. The spiritual leader of the Thousand Temples seeks a Holy War to cleanse the land of the infidel. An exiled barbarian chieftain seeks vengeance against the man who disgraced him. And into this world steps a man like no other, seeking to bind all - man and woman, emperor and slave - to his own mysterious ends. But the fate of men - even great men - means little when the world itself may soon be torn asunder. Behind the politics, beneath the religious fervour, a dark and ancient evil is reawakening. After two thousand years, the No-God is returning. The Second Apocalypse is nigh. And one cannot raise walls against what has been forgotten... A startlingly original and assured epic fantasy debut. A tale of conspiracy, holy war, empire-building and intrigue set in the most vividly imagined fantasy world since Tolkien's Middle Earth. A capricious tale of gods, showing human quirks are not only wasted on the mortals. A tale of many deities treading lightly around a superior as the world begins. One bad decision changed my life irrevocably. One night shattered it completely. Moving to another country was supposed to be a fresh start, an escape from my past. A way to heal and move on with my life. I was looking for happiness. What I wasn't supposed to find was him. Dark, handsome, and irresistible. Not strong enough to resist, he broke through the walls around my heart. Every single one. For a fleeting moment, I was happy. Until I'm reminded that the clutches of my past will never let me go. The evil shrouding it in darkness has finally found me. It threatens everything I love. I need to fight it--for him and them. For us. Even if that means letting go of the light. First, the flash. A glare of light, just before dawn, followed by utter darkness. A vast blanketing nothingness that covered the whole Earth. Then, the disappearances. Friends and strangers alike, swallowed by the darkness... and then returned, altered, changed. For the people of Jesman's Bend, it feels like the end of the world. But this is only the very start. File Under: Science Fiction [Zombie Apocalypse | Bodysnatchers | They Return] e-book ISBN: 9780857661708 THE MESSAGE of this story is that for many people it just "isn't safe to die." That we better be planning for eternity with whatever time we have on this earth. Hell is real and no matter how much we are in denial we will face that someday. That's a fact. I was flat-lined, clinically dead. Going into this surgery I had no belief in God and hadn't in over 15 years. I was bitter and angry at the thought of God because if He did exist He had taken my seven-year old son in a tragic accident. During the time in the operating room I was given the gift of knowing God, feeling His presence and peace then "all hell broke loose," as I plummeted into the horrific pit of darkness and burning pain with no hope of ever hitting the bottom. The changes a teen goes through are tough. And as a senior, I stressed over planning my future. But that was nothing compared to what I would face and the future that waited for me. Whether by chance or fate, the change happened suddenly. I woke burning with thirst and a desire to understand the impossible. A girl, a very intoxicating girl, was there to help. Tabitha had saved my life. She fed me, taught me, but had to send me out on my own, without friends, without family, and worst of all, without her. My life was cursed and my body marked. Those were the things that brought others to me, others like myself-vampires. But although I rejected what I had become and the desires that came with it, I knew I had to accept their help. I have a wedding to stop. The family of my seductive angel intends for her to marry a power-hungry German with unchecked ambitions. That will happen over my dead body, or rather, my ashes. And my plan will turn this crazy world upside down when "Darkness Has Fallen." Arena has left the nation's administration with a dead president and a weakened military, and while the tragic memories continue to scar her, the government struggles to regroup without its leader. After months in hiding, Arena and her brother, Gabriel, fight to survive the aftermath while they trudge through unkindly terrain across the country to rejoin their friends, but what they soon discover may staunch their journey. Despite his reservations about their alien hosts, St.

Clair is deeply committed to his people—especially after they're sucked into a black hole and spat out four billion years in the future. Civilizations have risen and fallen. The Andromeda Galaxy is drifting into the Milky Way. And Earth is most certainly a distant memory. All that matters now is survival. But as the ship's Marines search for allies amid ancient ruins and strange new planetary structures, St. Clair must wrap his mind around an enemy capable of harnessing a weapon of incomprehensible power: space itself. Winter is an Earth-like planet with two major differences: conditions are semi arctic even at the warmest time of the year, and the inhabitants are all of the same sex. Tucked away in a remote corner of the universe, they have no knowledge of space travel or of life beyond their own world. And when a strange envoy from space brings news of a vast coalition of planets which they are invited to join, he is met with fear, mistrust and disbelief . . . Printz Honoree "This is East Texas, and there's lines. Lines you cross, lines you don't cross. That clear?" New London, Texas. 1937. Naomi Vargas and Wash Fuller know about the lines in East Texas as well as anyone. They know the signs that mark them. They know the people who enforce them. But sometimes the attraction between two people is so powerful it breaks through even the most entrenched color lines. And the consequences can be explosive. Ashley Hope Pérez takes the facts of the 1937 New London school explosion—the worst school disaster in American history—as a backdrop for a riveting novel about segregation, love, family, and the forces that destroy people. Their love could save the soul of a fallen angel or damn an archangel to an eternity in Hell. From the moment he sees him, Michael wants Lucifer for his own. When the two angels come together the passion surprises them both. In richly limned scenes, Carolyn MacCullough debuts as a strong new voice in young adult literature. We have polluted our planet Earth with light. Light pollution - excessive and obtrusive artificial light, with bright neon and LED lights in our cities and in our personal space, continuously illuminated and artificial - has removed something incredibly valuable from our lives, and at the same time affected our ability to sleep, rest, and relax. 'Falling in Love with Darkness' is Osho's attempt to bring us again in contact with darkness, but here in a spiritual and psychological context. "Why do

we desire light?," he asks. "Why do we hanker so much for light? Perhaps we never realize that the desire for light is a symbol of the fear rooted within us; it is a symbol of fear. We want light so that we can become free of that fear." The mind is afraid in the dark. The fear of darkness is based on the fear of being alone: the fear of being alone comes together with the fear of darkness. Darkness has its own bliss; without falling in love with darkness, you will be deprived of the capacity to love the great truths of life. Next time you find yourself in darkness, take a direct look into it and you will discover that it is not so frightening after all. When darkness surrounds you, become absorbed in it, become one with it. And you will find that darkness offers you something that light can never give you. All the important mysteries of life are hidden in darkness. These are talks by Osho given at a meditation camp where he introduces people in a direct and practical way to an understanding of meditation as a way to get acquainted with darkness, to re-discover that darkness is peace, relaxation, and stillness, all through the simple method of witnessing. "Meditation means: discovering the one who is beyond all happening and has never been a part of anything." Most people don't think about where they're going to be when the world ends. On the beach drinking margaritas? In the arms of a lover? How about in a shit-ass resort run by your shit-ass parents? I have always lived my life as the perfect daughter. At seventeen, I had no other option than to follow my parents' strict regiment. Did I mention that they're assholes? The world didn't decide to suddenly end. Oh no, that would be too easy. Instead, it was a series of events that led to its eventual demise. Earthquakes, tornados, and a mysterious virus that turned people into raving lunatics. Fortunately for me, I have the help of seven handsome men to combat the coming storm. Literally. Declan, an enigma from my past. Ryder, a flirty musician. Asher, the sweetest boy I had ever met and probably the only one that I don't want to kick in the balls. Tamson, shy and timid, with a past I'm aching to uncover. Ronan, my sarcastic leprechaun. Fallon, the stoic leader. And, finally, Calax (but he doesn't really matter because I kind of hate him and want him to fall on his head and die). I will have to learn to rely on these boys and myself if we're going to survive the apocalypse. This is a slow-burn reverse harem series. Warning: This book deals with sensitive issues such as abuse, rape, and suicide that some readers may find triggering. Reader discretion is advised. The Darkworld is open, and nothing will ever be the same. Reeling from recent events, Ash and her friends are forced to flee Blackstone. With their former allies dead or missing, their only hope lies with another group of sorcerers who've risked their lives to learn the truth about the Darkworld. But the group have an agenda of their own, and with no Barrier left to contain the demons, nobody is safe from corruption. Ash must unravel one final mystery if she is to defeat Lucifer and Mephistopheles for good. But the truth lies within the Darkworld itself, and even if she survives the journey, there may not be anything left to return to... When Klaus Von Kroft brings his band to the mountain village of Rathburg to perform a concert, a generations old tapestry of blood and darkness draws about him like a shroud. Delving into the disappearance of his parents, Klaus finds himself entranced by Rosa, a sunset-haired woman of mystery and darkness, her companions, and the eerily perfect music they play. But Rosa is far more than mysterious. She has stolen the blood and souls of men on the mountain above Rathburg for centuries. As Klaus is drawn into her web of vengeance and blood, his friends are dragged along behind. Can he unravel the mystery of the mountain and overcome the call of blood...or will they all fall to Rosa's game of hunger and revenge? The answer lies on the mountain, but there is little time...with Darkness Falling... Step into the universe of the massively popular adventure game Star Stable, and follow four friends who discover their magic powers and learn that every girl can be a hero in this fantasy trilogy. While trying to balance school, family, and friendships they have to figure out what it means to be a Soul Rider. They are attacked by the Dark Riders and the mysterious Mr. Sands discover that their horses are in danger.
