Rights of Man Jul 17 2022 Advocating equality, meritocracy, and social responsibility in plain language, Thomas Paine galvanized tens of thousands of readers and changed the framework of political discourse with this text. He was tried and convicted for sedition by the British government for publishing Rights of Man, Part Two but his direct style and provocative ideas were hugely influential. This edition situates Rights of Man within the discussion of the French Revolution in Britain and enables readers to understand the broader political debates of the 1790s. Appendices include responses to the French Revolution, Paine's response to the Proclamation that declared his writing seditious, contemporary political philosophy by Richard Price and Edmund Burke, and cartoons satirizing Paine and his views.

Man Gone Down Apr 14 2022 On the eve of this thirty-fifth birthday, the unnamed black narrator of Man Gone Down finds himself broke, estranged from his white wife and three children, and living in the bedroom of a friend's six-year-old child. He has four days to come up with the money to keep his kids in school and make a down payment on an apartment for them to live in. As we slip between his childhood in inner city Boston and present-day New York City, we discover a life marked by abuse, abandonment, raging alcoholism, and the best and worst intentions of a supposedly integrated America. This is a story of the American Dream gone awry, about what it's like to feel preprogrammed to fail in life and the urge to escape that sentence.

The Thomas the Tank Engine Man Dec 10 2021 The stories of Thomas the Tank Engine and his friends have delighted generations of children and adults, but what do we know of the man who created them? A devoted pastor and family man, the Reverend W Awdry first started telling the stories in order to amuse his own children, with no idea that the characters would lead to a global phenomenon that now, seventy years after their first appearance, shows no signs of waning. In this fascinating and warm biography, prolific author Brian Sibley brings to life one of the most eminent children's writers of the twentieth century, tracing his story from his Edwardian childhood through his time at University and into World War 2. A convinced pacifist, Awdry was thrown out of one curacy and denied another, because of his beliefs. Never afraid to fight for what he thought was right, he argued with his publishers and his illustrators, demanding the best for his favourite creations - the trains and their friends.

Amateur Aug 18 2022 Shortlisted for the Baillie Gifford Prize for Non-Fiction In this groundbreaking new book, Thomas Page McBee, a trans man, trains to fight in a charity match at Madison Square Garden while struggling to untangle the

vexed relationship between masculinity and violence. Through his experience of boxing - learning to get hit, and to hit back; wrestling with the camaraderie of the gym; confronting the betrayals and strength of his own body - McBee examines the weight of male violence, the pervasiveness of gender stereotypes and the limitations of conventional masculinity. A wide-ranging exploration of gender in our society, *Amateur* is ultimately a story of hope, as McBee traces a way forward: a new masculinity, inside the ring and out of it. A graceful and uncompromising exploration of living, fighting and healing, in *Amateur* we gain insight into the stereotypes and shifting realities of masculinity today through the eyes of a new man.

*The Mordida Man* Nov 16 2019 A freelance fixer comes out of retirement to rescue the President's kidnapped brother. American agents abduct a high-profile terrorist in broad daylight on the streets of London, subduing him with a tranquilizer. He dies a few hours later on a flight back to Washington, DC, and the body is dropped into the ocean. Hours later, the President's brother—a political powerhouse in his own right—boards a plane to Las Vegas that doesn't land in Nevada. Libyan radicals are at the controls, and he is their prisoner. The only man who can save him is Chubb Dunjee. A former United Nations operative with skills in every aspect of political negotiation, Chubb became famous for solving problems with well-placed bribes. Saving the President's brother should be no trouble for him. But the Libyans don't want a bribe. They want blood.

*The Book of Science and Antiquities* Jul 05 2021 Thomas Keneally, the bestselling author of *The Daughters of Mars* and *Schindler's List*, brings his "insightful and nimble prose" (*The New York Times Book Review*) to this exquisite exploration of community and country, love and morality, set in both prehistoric and modern Australia. An award-winning documentary filmmaker, Shelby Apple is obsessed with reimagining the full story of the Learned Man—a prehistoric man whose remains are believed to be the link between Africa and ancient Australia. From Vietnam to northern Africa and the Australian Outback, Shelby searches for understanding of this enigmatic man from the ancient past,

unaware that the two men share a great deal in common. Some 40,000 years in the past, the Learned Man has made his home alongside other members of his tribe. Complex and deeply introspective, he reveres tradition, loyalty, and respect for his ancestors. Willing to sacrifice himself for the greater good, the Learned Man cannot conceive that a man millennia later could relate to him in heart and feeling. In this "meditation on last things, but still electric with life, passion and appetite" (The Australian), Thomas Keneally weaves an extraordinary dual narrative that effortlessly transports you around the world and across time, offering "a hymn to idealism and to human development" (Sydney Morning Herald).

The Last Good Man Dec 22 2022 Duncan Peck has travelled alone to Dartmoor in search of his cousin. He has come from the city, where the fires are always burning. In his cousin's town, Peck finds a place with tea rooms and barley fields, a church and a schoolhouse. They sit in the shadow of a vast wall, inscribed with strange messages. Out here, the people live an honest life - and if there's any trouble, they have a way to settle it. Anyone can write on the wall, anonymously, about their neighbours, about any wrongdoing that might compromise the community. Nothing happens if there's only one allegation. Or two. But any more than that, and there has to be a reckoning. Don't try running. The moors are a dangerous place, boggy and treacherous; a wrong foot can see you sunk. A troubling, uncanny book about fear and atonement, responsibility and justice, and the violence of writing in public spaces, The Last Good Man dares to ask, who speaks, and who do they speak for? What power do sentences have to bind us to our deeds? And what power do names have to anchor the world when extinction is in the air?

The Man to See Jun 16 2022 This bestselling biography of legendary trial lawyer Edward Bennett Williams is "a skillful and lively portrait of a larger-than-life lawyer" (Kirkus Reviews). Legendary attorney Edward Bennet Williams was arguably the best trial lawyer ever to practice. Now, for the first time, bestselling author Evan Thomas takes us into the courtrooms of Williams's greatest performances as he defends "Godfather" Frank Costello, Jimmy Hoffa, Frank Sinatra, The Washington Post, and others, as well as behind the scenes where the witnesses are coached, the traps set, and the deals cut. In addition to being a lawyer of unprecedented influence, Williams was also an important Washington insider, privy to the secrets of America's most powerful men. Thomas tells the truth behind the stories that made Williams one of the most talked about public figures of his time, including Williams's role in the publication of the Pentagon

Papers and the possibility that Williams may have been Watergate's Deep Throat. Based on Thomas's exclusive access to Williams's papers, *The Man to See* is an unprecedented look at the strategies and influence of this exceptional man.

Man Alive Sep 19 2022 If he is to become a man, what sort of man should Thomas Page McBee be? To find out, McBee must confront the suffering he has endured at the hands of men: the abuse he endured as a child from his father, and the violent mugging which almost killed him as an adult. Standing at the brink of the life-changing decision to transition from female to male, McBee seeks to understand these examples of flawed manhood, and reclaim his body on his own terms. Powerful, uplifting and profound, *Man Alive* is a story about transformation; about freedom, and love, and finding the strength to rebuild ourselves as the people we are meant to be.

Plip, the Umbrella Man Apr 02 2021 The constant rain gets Plip so down that he decides to become an umbrella. But even as an umbrella man, life isn't always easy. Plip came into the world as an ordinary man. But when it started to rain, he became more and more unhappy. At first, he thought the rain would stop. When it didn't, Plip decided to live the rest of his life as an umbrella man. Plip now walks through the world protected from raindrops, but he's lonely. When he meets an umbrella woman, they try to hug, but their umbrellas get in the way. This makes Plip even sadder and he finally closes himself up and leaves the umbrella woman behind. Feelings rage inside of him. Cyclones, tornadoes, and typhoons break over him and his umbrella can't hold up. It turns inside out and collects a whole sea of rainwater that gets heavier and heavier until Plip has no choice to pour himself out. With his story of Plip, author David Sire explores important facets of life including doubt, love, and confidence. To emphasize the inner workings of Plip's psyche, *Illustrated by Thomas Baas* works only with cool blue tones and one warm red. The metaphor of rain and its various meanings inspire young readers to think about how they deal with their own emotions.

GoatMan Jun 04 2021 The dazzling success of *The Toaster Project*, including TV appearances and an international book tour, leaves Thomas Thwaites in a slump. His friends increasingly behave like adults, while Thwaites still lives at home,

"stuck in a big, dark hole." Luckily, a research grant offers the perfect out: a chance to take a holiday from the complications of being human—by transforming himself into a goat. What ensues is a hilarious and surreal journey through engineering, design, and psychology, as Thwaites interviews neuroscientists, animal behaviorists, prosthetists, goat sanctuary workers, and goatherds. From this, he builds a goat exoskeleton—artificial legs, helmet, chest protector, raincoat from his mum, and a prosthetic goat stomach to digest grass (with help from a pressure cooker and campfire)—before setting off across the Alps on four legs with a herd of his fellow creatures. Will he make it? Do Thwaites and his readers discover what it truly means to be human? GoatMan tells all in Thwaites's inimitable style, which NPR extols as "a laugh-out-loud-funny but thoughtful guide through his own adventures."

The Old Man Nov 09 2021 From the New York Times–bestselling author of *Poison Flower*: a retired intelligence officer is caught in "[a] harrowing hunt-and-hide adventure" (The New York Times). To all appearances, Dan Chase is a harmless retiree in Vermont with two big mutts and a grown daughter he keeps in touch with by phone. But most sixty-year-old widowers don't have multiple driver's licenses, savings stockpiled in banks across the country, or two Beretta Nanos stashed in the spare bedroom closet. Most have not spent decades on the run. Thirty-five years ago, as a young army intelligence hotshot, Chase was sent to Libya to covertly assist a rebel army. When the plan turned sour, Chase acted according to his conscience—and triggered consequences he never could have anticipated. To this day, someone still wants him dead. And just when he thought he was finally safe, Chase is confronted with the history he spent much of his life trying to escape. "Perry drives deep into Jack Reacher territory in this stand-alone [novel] . . . Swift, unsentimental, and deeply satisfying. Liam Neeson would be perfect in the title role." —Kirkus Reviews

Little Big Man Aug 26 2020 'I am a white man and never forget it, but I was brought up by the Cheyenne Indians from the age of ten.' So starts the story of Jack Crabb, the 111-year old narrator of Thomas Berger's masterpiece of American fiction. As a "human being", as the Cheyenne called their own, he won the name Little Big Man. He dressed in skins, feasted on dog, loved four wives and saw his people butchered by the horse soldiers of General Custer, the man he had sworn to kill. As a white man, Crabb hunted buffalo, tangled with Wyatt Earp, cheated Wild Bill Hickok and survived the Battle of Little Bighorn. Part-farcical, part-historical, the picaresque adventures of this witty, wily mythomaniac claimed the Wild West as the stuff of serious literature.

Man of Iron Jan 11 2022 The enthralling Sunday Times-bestselling biography of the shepherd boy who changed the world with his revolutionary engineering and whose genius we still benefit from today 'A biography of great verve ... brings back to vivid life a man who should never have been forgotten' Andrew Marr 'An evocative biography of Britain's greatest civil engineer ... Glover catches the thrill of Telford's engineering quite beautifully' Guardian Thomas Telford's name is familiar; his story less so. Born in 1757 in the Scottish Borders, his father died in his infancy, plunging the family into poverty. Telford's life soared to span almost eight decades of gloriously obsessive, prodigiously productive energy. Few people have done more to shape our nation. A stonemason turned architect turned engineer, Telford invented the modern road, built churches, harbours, canals, docks, the famously vertiginous Pontcysyllte aqueduct in Wales and the dramatic Menai Bridge. His constructions were the greatest in Europe for a thousand years, and - astonishingly - almost everything he ever built remains in use today. Intimate, expansive and drawing on contemporary accounts, Man of

Iron is the first full modern biography of Telford. It is a book of roads and landscapes, waterways and bridges, but above all, of how one man transformed himself into the greatest engineer Britain has ever produced.

Broken Hand Sep 07 2021 Known by the Indians as "Broken Hand," Thomas Fitzpatrick was a trapper and a trailblazer who became the head of the Rocky Mountain Fur Company. With Jedediah Smith he led the trapper band that discovered South Pass; he then shepherded the first two emigrant wagon trains to Oregon, was official guide to Fremont on his longest expedition, and guided Colonel Phil Kearny and his Dragoons along the westward trails to impress the Indians with howitzers and swords. Fitzpatrick negotiated the Fort Laramie treaty of 1851 at the largest council of Plains Indians ever assembled. Among the most colorful of mountain men, Fitzpatrick was also party to many of the most important events in the opening of the West.

Thomas Paine's Rights of Man Jan 23 2023 A timely primer and a highly personal appreciation of one of the most influential and revolutionary works of political philosophy. Christopher Hitchens, the #1 New York Times–bestselling author of *God Is Not Great* has been called a Tom Paine for our times, and in this addition to the *Books that Changed the World Series*, he vividly introduces Paine and his *Declaration of the Rights of Man*, the world's foremost defense of democracy. Inspired by his outrage at Edmund Burke's attack on the French Revolution, Paine's text is a passionate defense of man's inalienable rights, and the key to his reputation. Ever since the day of publication in 1791, *Declaration of the Rights of Man* has been celebrated, criticized, maligned, suppressed, and co-opted, but in *Thomas Paine's Rights of Man*, Hitchens marvels at its forethought and revels in its contentiousness. Famous as a polemicist and provocative commentator, Hitchens is a political descendent of the great pamphleteer. In this engaging work he demonstrates how Thomas Paine's book forms the philosophical cornerstone of the United States of America, and how "in a time when both rights and reason are under attack, the life and writing of Thomas Paine will always be part of the arsenal on which we shall need to depend." Enlivened by Hitchens's extraordinary prose, this "elegant and useful primer . . . ought still to engage us all" (*The Guardian*). "Paine, as Hitchens notes in this lucid and fast-moving appreciation, has no proper memorial anywhere; this slender book makes a good start." —Kirkus Reviews

The Man from Lisbon May 23 2020 A daring fraud makes one man a titan, and brings a nation to its knees. The son of a failing undertaker, Alves Reis learned early on that death comes quickly and a man must make his fortune while he can. In 1916, Reis left Portugal for Angola, where the hardships of colonial life dashed his dream of easy riches. In desperate straits, Alves discovers his true talent: forgery. With an unerring hand, Alves begins to counterfeit. He falsifies diplomas, government documents, currency, and countless checks on his way to

perpetrating one of the greatest frauds of the twentieth century. Inspired by the true story of a master swindler, Gifford brings to life a breathtaking international scam. Before Bernie Madoff, before Frank Abagnale, there was Alves Reis -- a forger with talent, vision, and an uncompromising drive to succeed, no matter what man, bank, or nation stood in his way.

The Self-made Man in Thomas Hardy's Novels Jan 19 2020

Reflections of a Nonpolitical Man Oct 28 2020 A classic, controversial book exploring German culture and identity by the author of *Death in Venice* and *The Magic Mountain*, now back in print. When the Great War broke out in August 1914, Thomas Mann, like so many people on both sides of the conflict, was exhilarated. Finally, the era of decadence that he had anatomized in *Death in Venice* had come to an end; finally, there was a cause worth fighting and even dying for, or, at least when it came to Mann himself, writing about. Mann immediately picked up his pen to compose a paean to the German cause. Soon after, his elder brother and lifelong rival, the novelist Heinrich Mann, responded with a no less determined denunciation. Thomas took it as an unforgivable stab in the back. The bitter dispute between the brothers would swell into the strange, tortured, brilliant, sometimes perverse literary performance that is *Reflections of a Nonpolitical Man*, a book that Mann worked on and added to throughout the war and that bears an intimate relation to his postwar masterpiece *The Magic Mountain*. Wild and ungainly though Mann's reflections can be, they nonetheless constitute, as Mark Lilla demonstrates in a new introduction, a key meditation on the freedom of the artist and the distance between literature and politics. The NYRB Classics edition includes two additional essays by Mann: "Thoughts in Wartime" (1914), translated by Mark Lilla and Cosima Mattner; and "On the German Republic" (1922), translated by Lawrence Rainey.

Thomas S. Szasz Feb 18 2020 As it entered the 1960s, American institutional psychiatry was thriving, with a high percentage of medical students choosing the field. But after Thomas S. Szasz published his masterwork in 1961, *The Myth of Mental Illness*, the psychiatric world was thrown into chaos. Szasz enlightened the world about what he called the "myth of mental illness." His point was not that no one is mentally ill, or that people labeled as mentally ill do not exist. Instead he believed that diagnosing people as mentally ill was inconsistent with the rules governing pathology and the classification of disease. He asserted that the diagnosis of mental illness is a type of social control, not medical science. The editors were uniquely close to Szasz, and here they gather, for the first time, a group of their peers—experts on psychiatry, psychology, rhetoric, and semiotics—to elucidate Szasz's body of work. *Thomas S. Szasz: The Man and His Ideas* examines his work and legacy, including new material on the man himself

and the seeds he planted. They discuss Szasz's impact on their thinking about the distinction between physical and mental illness, addiction, the insanity plea, schizophrenia, and implications for individual freedom and responsibility. This important volume offers insight into and understanding of a man whose ideas were far beyond his time.
