History takes flight in the second book of Naomi Novik's deliciously addictive series which captures the Napoleonic period perfectly and skillfully layers the timeline with imagination by adding a Dragon Air Force to the battle for England. Captain William Laurence of the British Air Corps and his dragon, Temeraire, begin their slow voyage to China, fearful that upon landing they will be forced to part by Imperial decree. Temeraire is a Celestial dragon, the most highly-prized of all draconic breeds; famed for their intelligence, agility and most of all for the Divine Wind - their terrible roar capable of shattering the heavy timbers of war ships, shattering woodland and destroying other dragons mid-flight. Temeraire's egg was captured and claimed by the British at sea, but he was meant to be the companion of the Emperor Napoleon and not captained by a mere officer in the

British Air Corps. The Chinese have demanded his return and the British cannot refuse them - they cannot afford to provoke the Asian super-power into allying themselves with the French - even if it costs them the most powerful weapon in their arsenal and inflicts the most unimaginable pain upon Laurence and his dragon. On the island of Kekon, the Kaul family is locked in a violent feud for control of the capital city and the supply of magical jade that endows trained Green Bone warriors with supernatural powers they alone have possessed for hundreds of years. Beyond Kekon's borders, war is brewing. Powerful foreign governments and mercenary criminal kingpins alike turn their eyes on the island nation. Jade, Kekon's most prized resource, could make them rich - or give them the edge they'd need to topple their rivals. Faced with threats on all sides, the Kaul family is forced to form new and dangerous alliances, confront enemies in the darkest streets and the tallest office towers, and put honor aside in order to do whatever it takes to ensure their own survival - and that of all the Green Bones of Kekon. Jade War is the second book of the Green Bone Saga, an epic trilogy about family, honour and those who live and die by the ancient laws of blood and jade. November, 2042 It's been a busy month for thirty-two-year-old Jack Mitchel: Three weeks ago, he died. Two weeks ago, he founded the first Faction in the ultra-immersive, fantasy-based VRMMORPG, Viridian Gate Online. A week and a half ago the world ended, destroyed by a cataclysmic asteroid. Seven days ago, he conquered the Imperial city of Rowanheath, bringing all of Eldgard to the brink of war. Though Jack's Faction, the Crimson Alliance, has a tenuous truce with tech genius and Imperial lord, Robert Osmark, Jack knows it can't last. Osmark is devious and power hungry, and it's only a matter of time before he sends his forces to wipe Jack and his underdog crew off the map for good. If Jack hopes to survive another month inside of VGO, he must find a way to beat Osmark and his army of bloodthirsty thugs, and a new quest-the Path of the Jade Lord-may be just the ticket. But this quest will be far harder than anything Jack's faced before, pushing him to his mental, physical, and moral limits. And if Jack isn't careful, his quest to defeat Osmark and the Empire may end up turning him into the despot he's been fighting against.

In 1935, Shanghai is the place to be. Glittering nightlife, bustling business, and a diverse international community are just some of the appeals of the "Paris of the Orient." Douglas Bainbridge, Office of Naval Intelligence, is beginning a two-year immersion in Shanghai when he runs into Tim McIntyre, a childhood friend from San Francisco. Tim is a reporter writing for the Shanghai office of the Associated Press, and he offers to show Doug the local nightlife. Enjoying a show at the Jade Dragon, Tim steps out at intermission, but never returns. Doug finds Tim's body in an alley. The local police dismiss it as a robbery gone bad, but Doug knows there was more to it. Bystanders outside the Jade Dragon saw Tim arguing with a pair of men before walking

away with them. Doug finds files in Tim's office showing he was investigating Japanese infiltration of the Korean Provisional Government in Shanghai; and also digging into the notorious "Green Gang" that controls the opium trade in China, and has deep ties to General Chiang Kai-Shek himself. Tim's friend and fellow reporter, Art "Jonesy" Jones goads Doug into solving Tim's murder. But in Shanghai, danger lurks around every dark corner. Jade Goody swept to fame on Big Brother in 2002. Bubbly, fun, and full of infectious laughter, Jade quickly captured the hearts of a nation. This volume—which covers Jade's amazing rags-to-riches story—was initially banned after allegations of racism in the Celebrity Big Brother house, but is now back in print. Jade reveals all about her life, from her troubled childhood to how she found fame and fortune. Packed with incredible highs and tearful lows, Jade tells the story of her successes, failures, and her life with beloved sons Bobby and Freddy. The figure of a jade god, made by Lung Sen, seems to reach out and exert a powerful influence over events. The author incorporates telepathy and the strange and mysterious atmosphere of the East to create this classic mystery novel.

John Hill's eagerly awaited second edition - in two volumes - of the annotated translation of the Hou Hanshu - renamed *Through the Jade Gate - China to Rome* - has been extensively revised. The book grew so big that it had to be published in two volumes. Readers will require both volumes. Volume I includes the original Chinese text, a detailed introduction, maps and comprehensive notes to the text. Volume II has 26 appendices which highlight extra fascinating information of special interest - such as Rhinoceroses, the Story of Sea-silk and the Significance and Use of Skull Cups - and the comprehensive bibliography. This updated, definitive English translation of the complete Chronicle on the Western Regions from the Hou Hanshu, presents an intriguing picture of this little-known period of history. It describes the origins of the Silk Routes using information collected from soldiers, merchants, envoys and spies. The text is based on the report to the Chinese Emperor An, circa 125 CE, by Ban Yong, his senior general in the Western Regions. The Chronicle contains the earliest geographical, historical, political, economic and cultural information in Chinese about the Roman Empire, Egypt, India, Parthia and many other kingdoms, and also describes the routes between East and West. Along these arteries travelled people, cultures, languages, philosophies, religions, technologies, animals, plants, countless precious

and rare trade items, and the knowledge of distant places. These exchanges were critical for the development and flowering of the great civilizations of China, Rome, Parthia, the Kushans and India, and unquestionably laid the foundations of modern globalisation. The first edition of this work received critical acclaim from scholars worldwide and is widely quoted in academic works. This much expanded second edition should prove to be an even more useful guide and source-book on the early history of the Silk Routes. "This treasure house of remarkable facts and speculations should appeal to both scholars and the curious." Jardine, Matheson & Co. was founded in Canton in 1832, and built up to become an international trading house with business interests throughout the world. The Thistle & The Jade assembles contributions from both leading historians, such as Professor John King Fairbank and Professor K.C. Lui, and old Jardine hands, including Alan Reid and Sir John Keswick, to tell the story of how this happened. The result is a fascinating miscellany of scholarship and anecdote that tells an exciting tale of merchant adventure, of how wealth and influence were accumulated in the early days of trading, and of the special relationship forged by 'the Princely Hong' with China and her people.

TAKE A LOOK INSIDE Silverware and dried tea leaves. This letter is all I have left of my father. The ink has faded and the paper is torn from being handled again and again. It doesn't matter. I remember every word. For years I've hoped time would heal my wounds. But the truth is, time is not that forgiving. Even now, despite the trials and the wonderful moments of bliss, I only need to hold this letter in my hands to return to the day my life changed without warning. To become the little girl I was then, self centered, naive, and above all terrified. Silverware and dried tea leaves. The price they had set for my hand. Where should I begin my story? Should I tell you about my father, the genius shipowner who was able to extend his business empire from our native France to the coast of Asia? His is another tale entirely. Should I tell you about the emperors who placed their trust in me, the expedition I led across the borders of the empire or the imperial pavilion that now bears my name? Certainly, yes, but the time has not yet come. I would like to paint without delay what turned out to be my glory days, but since I have decided to put my life down on paper, I must be honest and start from the beginning. No matter how grim. Although she really would have liked a jump rope for her birthday, Yoon is happy to receive a Korean picture book and a jade bracelet passed down from her grandmother, and when she wears the bracelet to school it seems as if her wish for a jump rope and a friend is about to come true. It has been mined, traded, stolen, and killed for -- and for centuries, honorable Green Bone warriors like the Kaul family have used it to enhance their magical abilities and defend the island from foreign invasion. Now, the war is over and a new generation of Kauls vies for control of Kekon's bustling capital city. They care about nothing but protecting their own, cornering the jade market, and defending the districts under their protection. Ancient tradition has little place in this rapidly changing nation. When a powerful new drug emerges that lets anyone -- even foreigners -- wield jade, the simmering tension between the Kauls and the rival Ayt family erupts into open violence. The outcome of this clan war will determine the fate of all Green Bones -- from their grandest patriarch to the lowliest motorcycle runner on the streets -- and of Kekon itself. Jade City is the first novel in an epic trilogy about family, honor, and those who live and die by the ancient laws of blood and jade. Peony - A vibrant and beautiful girl raised in China by her widower father. He taught her reading, calligraphy, painting and kung fu. At age four, she resisted foot-binding. At 16, she rejected an arranged marriage; repulsed rape attempts in Hong Kong by her uncle; and signed on as a domestic to a brothel in San Francisco for five years. She sent the \$200 advance stipend to her sick father. This is a story of Peony's determination to control her own destiny against great odds. The mystic jade pendant - Peony's grandmother gave her the heirloom pendant saying, "Keep it with you at all times. It will protect you and give you wisdom." Frank Michaels, unintentionally snatched the pendant from Peony during the 1871 Chinatown Massacre. He kept the pendant as his surrogate mistress for 52

years. In 1923, he returned it to her husband Tom Wong who brought it to her grave in a very surreal encounter. Frank desperately needed absolution for his participation in the Massacre before he dies. During Peony's short life, three Chinese men and Frank were infatuated with her. She loved Tom dearly. Their life together was short but his love for her was unceasing. Three mysterious homicides boggle the imaginations of even the most hardened members of the coroner's office and the New York City Police Department. From the very beginning of this spellbinding novel of supernatural terror, the clues defy reason, and the prime murder suspect is a killer that even the cops admit cannot possibly exist. "Brøgger's lively and insightful novel chronicles the fates of the Jewish Løvin family as they endure the tragicomic events of the 20th century."

—Publishers Weekly From Denmark to Riga and back, through two World Wars, to India and Afghanistan, to America as it was and as it is, and through boarding schools, mental hospitals, and almshouses for the poor, Suzanne Brøgger's *The Jade Cat* is a sweeping family saga of almost limitless ambition. At the heart of the narrative and of this Jewish family unit is the grandmother, Katze, and her memories. She tells the story from her patrician apartment in Copenhagen's Gammel Mønt 14, where she has lived since the 1940s. It is a haunting portrait of the pride, conceit, grandness, and despair that has followed the Løvin family while the world outside the old apartment gradually fell apart. The family remains prey to drug addiction and suicide attempts. Some escape into sex, others into Evangelical politics or religion. With an unlikely but sympathetic cast of grotesques, this gripping saga of Danish highlife and lowlife through three generations of a tormented family is as diverse and uncompromising as William Styron's *Sophie's Choice* and Isabel Allende's *The House of the Spirits*. "The novel, unabashedly autobiographical, concentrates on the inheritances of character, courage, and nonconformity from one woman to another." —Tablet "[A] panoramic and often comic chronicle . . . A roman-fleuve of the Løvin family, based on memories and letters from Brøgger's own family." —The Telegraph "A further index of this novelist's originality and power." —The Independent
